

# SQUARE GUTTER KIT PORCH 64

WHITE OR BROWN

## KIT- PORCH 64

- (1D) 1 1765 mm gutter
- (2) 2 Gutter Brackets (fix with two screws).
- (3) 1 Stop End (internal)
- (4) 1 Stop End (external)
- (5) 1 Gutter Outlet
- (6) 2 Downpipe Brackets
- (7) 1 Downpipe 2000mm
- (8) 1 Shoe
- 10 Self taps 10 x 3/4"

Allowing a 1/2" fall towards outlet, fix gutter brackets and outlet with self tap screws. On non outlet end put bracket approximately 6" from end and the remainder, position centrally. Clip gutter into brackets checking that at outlet end it is pushed only as far as the marked line. Push stop ends in place.

Position down pipe and trim to required length then fix with square brackets using self tap screws. Push on shoe.
